APPROVAL _____ OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights. It is understood that the amount of water herein granted is only a temporary allowance issued under the provisions of NRS 533.371 for a finite period of time. This permit will expire on **December 31, 2005** and all rights herein will revert back to the source. It is also understood that this right must allow for a reasonable lowering of the static water level.

A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of water begins, or before the Proof of Completion of Work is filed. This source is located within an area designated by the State Engineer, pursuant to NRS 534.030. The State retains the right to regulate the use of water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

Monthly records shall be kept of the amount of water pumped from this well and the records submitted to the State Engineer on a quarterly basis within 15 days after the end of each calendar quarter.

The total combined duty of water under Permits 61458 and 62462 shall not exceed 200.0 acre-feet annually.

(CONTINUED ON PAGE 3)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.35 cubic feet per second, **but not to exceed 200.0 acre-feet annually.**

Work must be prosecuted with reasonable diligence and be completed on or before:

January 31, 2002

Proof of completion of work shall be filed before:

March 1, 2002

Water must be placed to beneficial use on or before:

December 31, 2005

Proof of the application of water to beneficial use: **Permit Expires**

December 31, 2005

Map in support of proof of beneficial use shall be filed on or before:
